Fax: (956) 523-5006

July 17, 2008

Black Box Voting.org
330 SW 43rd St., Suite K
PMB 547
Renton, WA 98057

Fax: 866-287-2934

To whom it may concern:

We are in receipt of your Public Records Request (# 071108-Webb) and are providing the following:

Item 1:

a **Attached.** This Situation / Problem Log is used as a generic form for any problems reported. If the documents you are requesting (1b – 1g) for election day support, reporting, tracking, transport, & canvassing are specifically for voting machines, then there are no documents that exist for this.

Item 2:

Attached. This document shows the assignment of voting machines in precinct 231 in the April 8th Runoff Election, which is the election I assume you are interested in. There is no document that shows assignment of PEBs or Flash Cards to iVotronic machines in precinct 231 other than the information being on the PEBs and Flash cards themselves.

Item 3:

Audit Logs for precinct 231, as you know, are printed from information on flash cards, but due to an ongoing election contest, these flash cards are secured by the court thus making it impossible to comply with this request at the present time. I do believe though, that event logs were printed on the day of a recount conducted on May 1st by the local Webb County Democratic Party. The Demo Party Chair's information is as follows:

Mr. Sergio Mora, Democratic Chair
119 Village Blvd.
Laredo, Texas 78041
