Chris,
Hill County is very upset this morning!!!!!!!!!!!!!! We have a poll watcher that is contacting SOS office this AM and saying our election was not counted correctly and it was illegal!!!!!!!!!!!!!! We are very upset about our site support Toby Edwards. He did not know the ERM system. When I set up the the ERM with the election and did our pre-test everything came out correct. Thank goodness we had our own IT guys here that you spoke with numerously or we may have stayed all night.
